UpNorth Dock and Hoist

Serving Northern Michigan

Phone: 231-590-1861

**Official Dealer of this outstanding high quality
Kayak / SUP Lift and Dock Storage Rack**

At UpNorth Dock and Hoist, we strive for satisfaction guaranteed products.

While working, we've noticed a great uptake in the amount of people who've come to enjoy paddle boarding in the great area of northern Michigan.

Doing so we also noticed there really isn't a good storage system for them. Other than people dragging them ashore, I really didn't see a good way.

So, I poked around for a while online in search for something to resolve the issue for my clients and came across the "Docksider".

The simplicity of operation makes it a dream for anyone who's looking for a great way to store their boards, kayaks, or canoe's!

A versatile high-quality storage system!
